

## Have a **VOICE & CHOICE** in the City’s decision to build a Sewage Treatment Plant in the residential core of Willow Park

---

The City of Willow Park is planning to construct a municipal Waste Water Treatment Plant (Sewage Treatment Plant) utilize about 12 acres of open land in 2016. There is no doubt, with the City’s current and future development and growth, a sewage collection system is necessary. The three proposed locations by the City are:

1. Site A: New plant - at the southeast corner of the Squaw Creek Golf course soil conversation site reservoir; bounded by Squaw Creek Road and Sam Bass Road.
2. Site B: New Plant - at the intersection of Kingsgate Road and Trinity Meadows Lane adjacent to the approved 115 new home development
3. Site C: Expanding the existing Plant on Crown Road.

As it currently stands, the City officials can make the final decision via the issuance of a Certificate of Obligation, with or without the local community’s agreement.

To ensure that we, the citizens of Willow Park, have a **choice** as to how our taxes are being spent and a **voice** as to the construction of a sewage plant in the residential core of Willow Park, it is necessary to petition the City’s actions. This will allow for a bond election which places the decision in the hands of the voters and not the City Council. In order for a petition to be valid, State statutes mandate that it **must** contain the signatures of 5% of the City’s registered voters, **stating** their name, residential address, date of birth **or** voters registration.

Willow Park citizens’ voice and choice can maintain the integrity of our neighborhoods as well as minimize the potential impact to our local taxes and property values. We hope to make the recommendation that the City explore the option of a “Collection System” that pumps waste to either the new Fort Worth Treatment Plant at St. Mary’s Creek or to Weatherford; both of which reduces residential /environmental impacts.

If you should know someone that has not signed the petition and would like to have a voice and choice, please contact [savesquawcreek@yahoo.com](mailto:savesquawcreek@yahoo.com)

Thank you for your consideration and support.

-----

**PLEASE NOTE:** If any household member that may wish to sign the petition, but is not available today, please complete and sign this slip and drop it off at the Petition return box located at:

**215 Sam Bass Road, Willow Park, TX, 76087.**

Residential address	Full name	Date of birth	Signature
